

Association of Naval Civil Engineer Corps Officers
Navy Personnel Command (NPC-4413)
5720 Integrity Drive
Millington, Tennessee 38005-4413

Prospective Member,

The Association of Navy Civil Engineer Corps Officers has opened its membership drive and all commissioned and warrant officers of the Civil Engineer Corps, whether in an active, retired, or reserve status, are urged to join.

Founded in 1959, the Association is a private, non-profit organization intended to foster continued communications and camaraderie in the CEC community. To this end, one of the highlights of the Association's membership drive is publication of a new issue of the Personal Data Book, a valuable register listing each member's mailing address, phone number, email address, names of the member's family, and assorted other information. The Association also provides appropriate remembrances and floral tributes upon the death of a member.

Nominal membership dues of \$12.00 provide the funds for the Association's services. To join the Association or renew your membership, simply complete the ANCECO data form and forward it, along with a check for \$12.00 to:

Association of Navy Civil Engineer Corps Officers
C/O Navy Personnel Command (PERS-4413S)
5720 Integrity Drive
Millington, TN 38055-4413

Checks should be made payable to the Association of Navy Civil Engineer Corps Officers or ANCECO.

If you do not wish to join the Association, would you please assist us by submitting a completed data form. This will enable the Personal Data Book to be as complete as possible. However, in this case, please understand that you will not receive a copy of the Personal Data Book or other services.

We are counting on you to be a member of the Association. Send your membership form and dues today.

The application deadline is 15 July 2004 and we are counting on you to be a member of the Association. Send your membership form and dues today.

The Personal Data Book will be mailed in September 2004 to paid members at the address you provide on the data form.

Sincerely,

L.A. BALLAST
Lieutenant Commander
Civil Engineer Corps, U.S. Navy
Secretary-Treasurer
